About Rotary Botanical Gardens

Rotary Botanical Gardens is located in Janesville, Wisconsin. It is a 20-acre non-profit botanic garden that is home to many dramatic and themed gardens. Some have an international focus, such as the Japanese, Scottish, French Formal, Italian, and English Cottage Gardens.

Also included are less formally-structured gardens, including one of very few Fern and Moss gardens recognized by the Hardy Fern Foundation in the United States, as well as Shade, Prairie, and Woodland Gardens.

On-site are also a visitor center, gift shop, and a beautiful facility that may be rented for wedding receptions, reunions, meetings, etc.

Rotary Gardens, Inc. is a registered 501(c)(3) charitable organization. Donations are tax deductible to the extent allowable under current income tax law.

Directions available at http://rotarybotanicalgardens.org/
